

**St. James' September 2007 Newsletter**  
**Many Mini Ministry Mysteries**

**Donna Willer/Waldron**

**Did you know.....?**

St. James' youth ministry has its fruition in the future as well as in the present. Sometimes the 'showing forth' comes many years hence. God calls people to many different ministries at many different times of their lives. One of St. James' youth of 40 years ago is now entering the last part of her theological education.

In the **July/August 2007** Newsletter there was a short item about Donna Willer, the daughter of long time faithful parishioners, Ben and Doris Waldron. Donna Willer had just graduated from Wycliffe College, Toronto School of Theology in the spring of 2007. She is currently interning at St. George's Anglican Church in Devon, Alberta.

On Sunday, **October 1st, 1967** (actually St. James' Diamond Jubilee) the bulletin insert contained this message:  
YOUNG PEOPLE: Miss Donna Waldron, President of our Anglican Youth Movement, would welcome new members in the organization. The first meeting will be held next Sunday evening after the service.

It is always a pleasure to visit with Donna when she comes to worship at St. James'. She always shows joy and enthusiasm.

Through her being called to Christ's ministry, St. James' mission is exemplified. That is: To go into the world to preach the gospel.
